OSHC – Excursions/Incursions Policy

RATIONALE
The OSHC excursion/incursion program enables students to further their learning and social skills development in a non-school setting. Excursions/Incursions complement and are an important aspect of the educational programs offered at OSHC.

AIMS
1. To reinforce, complement and extend learning opportunities beyond the classroom.
2. To develop an understanding that learning is not limited to school and that valuable and powerful learning takes place in the real world.

IMPLEMENTATION
- An excursion is defined as any activity beyond the school grounds. An incursion is defined as any activity within the school grounds that compliments the learning programs at PLPS.
- For excursions in the local and metropolitan area, non seat belted buses can be used. For camps and excursions outside the metropolitan area, seat belted buses must be used.
- The OSHC coordinator will:
  - Oversee all excursion details including transport arrangements.
  - Ensure all excursion activities comply with regulations and guidelines.
  - Complete an excursion risk management plan prior to all excursions.
  - Ensure the OSHC mobile phone and first-aid kit is taken for all excursions.
- OSHC Excursion Permission Notification Report
- All medical requirements will be referred to the current enrolment form completed by parents.
- Information will be provided to all parents of non-English speaking families in a manner that allows them to provide an informed consent to their children attending excursions.
- All parents attending an incursion/excursion will be expected to provide evidence of an up to date “Working with Children” Check. Such documentation will be photocopied and filed at the Administration Office.
- Only children who have displayed sensible, reliable behaviour at school will be invited to participate in OSHC excursions. Parents will be notified if a child is in danger of losing their invitation to participate in an excursion due to poor behaviour at school. The decision to exclude a student will be made by the Principal, in consultation with the OSHC coordinator.

(2) The nominated supervisor of an education and care service must ensure a risk assessment is carried out in accordance with regulation 101 before an authorisation is sought under regulation 102 for an excursion.
(3) A family day care educator must carry out a risk assessment in accordance with regulation 101 before an authorisation is sought under regulation 102 for an excursion.
(4) A risk assessment is not required under this regulation for an excursion if—
   (a) the excursion is a regular outing; and
   (b) a risk assessment has been conducted for the excursion.

101 Conduct of risk assessment for excursion
(1) A risk assessment for an excursion must:
   (a) identify and assess risks that the excursion may pose to the safety, health or wellbeing of any child being taken on the excursion; and
   (b) specify how the identified risks will be managed and minimised.
(2) Without limiting subregulation (1), a risk assessment must consider:
   (a) the proposed route and destination for the excursion; and
   (b) any water hazards; and
   (c) any risks associated with water-based activities; and
   (d) the transport to and from the proposed destination for the excursion; and
   (e) the number of adults and children involved in the excursion; and
   (f) given the risks posed by the excursion, the number of educators or other responsible adults that is appropriate to provide supervision and whether any adults with specialised skills are required.
