Year 1, 2025

Dear Parents and Carers,

Patterson Lakes Primary School is looking forward to another successful teaching and learning year and would like to advise you of Patterson Lakes Primary School's voluntary financial contributions for 2025.

Schools provide students with free instruction to fulfil the standard Victorian curriculum and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and support for our students. We want to thank you for all of your support, whether that's through financial contributions, fundraising or volunteering your time. This has made a huge difference to our school and the programs we can offer.

Because of your generous support the school has been able to create and implement the Kitchen Garden Program. Within our school, your support has also allowed us to:

- Run specialist classes including Visual Arts, Performing Arts, Health and Physical Education, STEAM and Languages
- upgrades to playground equipment and the addition of safe rubber play surfaces for students
- replacement of shade structures and sails
- maintenance and replacement of air-conditioning units across all school buildings
- furnishing of our Library Learning Space
- equipment for our modern STEAM Centre with enhanced digital learning opportunities, including robotics

For further information on the Department's Parent Payments Policy please see a one-page overview attached.

Yours sincerely,

Carole Mayes
