Please also save the date in your calendar for The Patterson Lakes Primary School 70's and 80's Trivia Night on October 25th! I can speak on behalf of all who attended last year, that it was a fantastic night, with great prizes and great fun. Start to organise your table and get your outfits ready!!

We are asking our community and local businesses if they can help with any of the following:

- Items to be used as prizes or raffles
- Vouchers

To show our appreciation we are happy to advertise your business in our newsletter on a special community page.

I would like to thank the staff and School Council members for a very successful Term 2 and I wish you all a safe and happy school holiday break.

All students are invited to enter the exhibition. **Every entry gets a prize!**

How to enter: Fill in the form at the bottom of this page and return it to your class teacher by Friday, 8th August. The National Science Week theme for 2025 is:

DECODING THE UNIVERSE

Exploring the unknown within nature's hidden language

This theme encourages students to look at the patterns, codes, and signals found in the natural world, from DNA, to patterns of plant growth, to astronomical observations.

What you need to do:

SUGGESTION 1 – Make a display or activity around a pattern you see in the natural world

- Make a display about the Zodiac, or indigenous star signs such as the celestial emu
- Make a nature collage with twigs and stones & use them to create colleges
- Used sliced vegetables etc to make repeating patterns
- Make a 3D model of a DNA strand
- Use https://asta.edu.au/science_resource/decoding-the-universe/ to find more ideas relevant to your age.

SUGGESTION 2 – Create & innovate by making a classic science experiment (e.g. marble run, lava lamp) and noting the patterns, shapes or numbers involved. Check out www.sciencebuddies.org.

Note: Science projects should be taken straight to the hall on the morning of the exhibition. After the exhibition, your class teacher will store your creation carefully until the end of the day, when you can take it back home. ****If your experiment is very messy, please bring a large plastic sheet**
