LEXIA READING

Dear Parents: Your child has been selected to participate in the Lexia Reading program.

The Lexia Reading Program is specifically developed software designed to support reading. Lexia builds skills, vocabulary, fluency and comprehension with reading.
Students are selected for the program by their classroom teacher.They attend the Lexia Room for a half hour block each day.
It is strongly recommended that students also use the program at home 2 – 3 times each week. If you have any questions about Lexia Reading please contact Mrs Denise Sheedy.
